How do I use the Recorder?

Follow the four steps below:

A. To record yourself

1. Click **Record**. Then start speaking.

2. When you have finished, click **Stop**.

3. Click **Play** to listen to yourself.

4. You can click **Save** to make an mp3 file.

Recorder interface showing buttons: Record (red circle), Play (triangle), Stop (square), Pause (two vertical bars), Save (floppy disk), Repeat (circular arrow), and a waveform icon. Status: Mp3 file size 0kb, Duration 0.0s. Close button (X) and Help button (?) are also visible.

B. To compare with an audio in Clear Pronunciation 1

1. Open the Recorder.

2. Play the audio file in the exercise.

3. Click **Compare**.

4. Record yourself saying the words in the exercise audio then play the two side by side.

The screenshots show the 'Sounds' section of the Clear Pronunciation 1 interface. The first screenshot shows a list of exercises with a 'b' sound example. The second screenshot shows the 'Recorder' interface overlaid on the exercise list, with a 'Compare' button highlighted. The Recorder interface shows a waveform and a 'Compare' button.
